

## Cooked Playdough

This is my favorite playdough recipe.

1 cup flour

1 cup water

½ cup salt

2 tablespoons oil

2 tablespoons cream of tartar

Food coloring

Directions:

1. Put all ingredients in a pan.
2. Stir it constantly as it cooks over a medium heat.
3. Add the food coloring while the dough cooks on the stove.
4. You know the dough is done cooking when it begins to pull away from the pan.
5. Knead the dough until it feels smooth.
6. Use a rolling pin and cookie cutters to make different shapes. Also use your hands to make balls and long round snakes, to make a snowman, a person or a tree.
7. The dough may be stored in an air tight container in the refrigerator for two weeks of fun. Enjoy!
